“ *I am so sad to think dear Barbara is no more. There are many fond and funny memories I have of her, for instance banging out "Love is Where You Find It" at the piano, which she said was the only song she knew. I will always remember her walking up and down the sidewalk in front of my house with her sheep dog, Buster, with her big petticoats flying in the wind--she was a stylish dresser. In Tenafly High School, she was a year ahead of me although a year younger than me-- so bright. We had lots of fun together, and that is my best memory of Barbara. I hope she had a loving and peaceful ending.*
