To Gene's Family - I will cherish my memories of Gene and may he Rest in Peace, Much Love, Doreen

Death is not an ending, but a symbol of movement along the path upon which we are all traveling. As it may be painful to lose contact with the physical aspect of one we love, the Spirit can never be lost. We have been and always will be a part of each other. - John Denver

“ *Eugene came storming into my life in 1974 at St Cecelia's High School. He was charismatic, enthusiastic and brash. We became fast friends, sharing a love for basketball and life. He was extremely cool. He was Smokin!
My most sincere condolences to Gene's family and friends, you are all in my heart and mind.
Rest In Peace my brother*

“ *To the man that taught me to love hard, smile often and laugh everyday. You were my best friend and I didn't even know it. From our competitive mentality's to our physical features we were identical. These past few days Ive trying Fathom why you were taken from us so early but I'm starting to put together the pieces. My father used this line often " it's us against the world son" and now I know what you meant. Us against the world for Eternity. Knowing you are at peace reassures me I have my support right above me. Dad I love you and miss you endlessly.*

“ Memories....I open the door of our home at 91 Highwood Avenue...and there is Gene, always ready with that beautiful smile that warmed your heart. His sweet, gentle soul will enrich the heavens as it did the earth. My thoughts and prayers are with the Loughlin family.

*“ I am going to miss you Gene. More than I probably realize at the moment. You were one of my three most best friends in the world. We grew up together and those memories are ones that I will cherish forever. I know how much you loved your boys and I am so glad that they have those memories of you on the sidelines during their games, amongst others. You were a great Dad. I will miss our phone conversations and your laugh. God truly has one of the best with him now. I love you " SMOKING" Gene the Dream.

“ Gene and his family have been friends of my Family for Over 50 years. Gene was one of a kind. From playing basketball with him in our backyard, to the fun times at the Jersey Shore, Gene always had a great sense of humor and an easy going attitude toward life. Even if Gene did something you didn't like, it was impossible to stay mad at him. His laugh was contagious and he loved to be in on the action, whatever it was. We nicknamed him a very long time ago, "Gene", "Gene" the dancing machine. His pride in his boys was evident, and the world has lost one of the "Good Guys" and he will be truly missed by his numerous friends and especially his Family.

“ You could always count on Gene to tell it like it is. He was more of a brother to me than a friend. It never mattered how much time passed, when we got together we could catch up quickly. John Campbell said it perfectly “the class of ‘75 has lost one of our stars.”
Rest In Peace my friend.

What can I say about my friend and classmate who always kept me laughing, in school, on the football field, at work in some stupid job we shared and of course Hudson Ave. Our escapades were legendary. Periodically when we did meet up through the years it was just like the good old days all over again. You are in my thoughts I will miss you.
