“ Remembering Dad Sam...

*In college, Dad Sam, Katharine and I shared an apartment. It was a very difficult time for me and the two of them provided incredible support that I will forever be grateful for. Sam used to make soup, which was wonderful to come home to. During that year, he and Katharine became the family I never really had. We reconnected a number of times and I hold those moments close to my heart.*

*I miss Dad Sam!*
