“ *First I am am ashamed to admit it took this long to add this comment. I was thinking about him yesterday and notifying the national office of Pi Kappa Phi this morning,*

I first met Larry when I was Pledging Pi Kappa Phi Beta Alpha back in 1971. We hit it off and became friends as well as him taking on the role of Big Brother in the Fraternity.

There are so many memories from his first stopping at my parents home and meeting my dad. after exchanging names my dad asked if he knew Frank Fisher, he did, our dads worked together. We grew tighter and he became more than a friend to my wife and I as well as being our best man. We lost track for a long while when I oved to Rochester NY for 40 years. I was planning to reconnect with him when I moved back to NJ in 2020 but COVID got in the way and that did not happen, I guess this is one of my worst COVID experiences.

I was so happy to be able to join Marge and his kids at the funeral and hope to continue to stay in touch with them.

You are very missed.

“ Dear Family and Friends,

I went to NJIT/NCE with Larry and we were in the same Fraternity - Pi Kappa Phi - Beta Alpha Chapter. Larry was a fine Brother and member of our organization. I fondly remember the times we shared together. Larry's Beta Alpha membership (BA Number 348) will forever be displayed in its rightful place of honor on the Chapter's Brotherhood Wall. I am sure that Larry was greeted into the Chapter Eternal by many of his Pi Kapp brothers.

My sincere condolences.

“ *RIP Uncle Larry. Larry was my godfather and uncle and he treated me as if I was his own child. I will always remember our countless trips into NYC to visit his office at the World Trade Center or to attend priceless games at Yankee Stadium. We were able to witness some historic games and watch true Yankee legends do what they did best. I remember road trips to the shore and Six Flags and the occasional stop at Jolly Nick's or Callahan's for an epic hot dog. No matter what we were doing it was always a good time. I will always cherish these memories we shared. Larry helped shape the man I have become today and I often hear bits of him in my twisted sense of humor. He will be missed but never forgotten. I know in my heart that somehow and somewhere we will meet again and share another heavenly hot dog. Although miles and pandemic restrictions have made it impossible for the Bergman family to attend the service in person we are there in heart and spirit. Uncle Larry and the entire Fisher family is in our hearts, our thoughts, and our prayers. Rest in eternal peace Uncle Larry.*

“ We will always remember summers in the pool with Larry. Larry was our lifeguard holed up in the corner of the pool! We even have pictures of him there later in life after unfortunately losing his lower legs. RIP
