“ Lulu was my best friend in the whole world. Not only was he my uncle but he was also a father figure to me. He always took care of me and was always there for me when I needed him and we were inseparable. I will always cherish every memory we spent together and will never forget how much he loved me.

“ I haven't seen Luis since 1980. We graduated from JFK together and were great friends. We both went to Colgate, and in fact, Luis' parents drove us up for the summer session after we graduated in 1979.

I will always regret that we were not able to reconnect, but I suspect we will see each other in the next life.

“ It's hard to narrow down to one memory but my favorite was on our trip to Puerto Rico and St Thomas when you and María started fighting on the balcony of the hotel - I thought for sure that one of you was going over the railing! Of course neither did , I will cherish this and many other memories for ever! I won't say good-bye but rather see you later my friend.

“ *Have been friends with the Carrazana family for over 40 years and have shared far too many memory to share just one. The whole family participated in my wedding and our lives. Louie, Robert, and my husband have been more like brothers than friends. Louie you will be missed more than you know. RIP 💔*
