“ Our family became friendly with Mike at the track; he was a wonderful guy. We enjoyed hanging out with him between sessions. He’ll be sorely missed by his fellow riders.

“ I had the privilege of working with Michael for several months at Delta. He was a truly kind-hearted soul who made everyone feel welcome, seen, and comfortable in the Studio. After hearing the news, all I could think about was how genuinely good he was—always warm, always thoughtful. I believe he’s in a better place now, but Michael, please know you made work infinitely better just by being you. Thank you for everything.

“Michael was more than just a coworker to me. Before meeting him, my life in New York wasn’t the best. But after I arrived at Delta, he gave me a chance in his photo studio—where I not only learned a lot, but also received invaluable life lessons from him. He truly made my days in New York so much better. I’ll always remember our gossip sessions about politics, motorcycles, his lovely family, and his endless music playlist—either filled with '90s hits or classical music when he wanted a quieter vibe. I remember one time we had a long, funny debate about the lyrics to one of his most-played songs, “Oh Baby, Music Sounds Better with You,” and we kept mumbling it, wondering what the writers had meant.

*It’s ironic that he hated being photographed, considering what he did for a living. But when it was time for me to leave, he kindly agreed to let me take a few pictures—with the promise that I’d never post them. I told him it was just my way of remembering him.*

*These pictures are my way of remembering you, Michael. I hope your family will see them here. I couldn’t be there in your final days, but I want to share my deepest condolences with your loved ones. You spoke about them with such love and told the most beautiful stories.*

*Rest in peace Michael, I will miss you dearly.*

“I had the privilege of working closely with Michael at my previous company, where he not only captured our products beautifully but also became a friend. Our conversations often drifted from work to life, family, and his weekend adventures—whether it was taking his bike to the track or visiting loved ones. Michael was a consummate professional, yet always warm, friendly, and approachable. We valued each other’s opinions and enjoyed sharing our unique perspectives. I will deeply miss those meaningful conversations and the connection we shared. I’ll always remember how supportive he was when my niece was sick. Rest easy, Michael. May his memory be a blessing to all who had the honor of knowing him.

“ For the past five years, I shared a paddock, storage garage, many dinners, and an infinite number of laughs and kind words of encouragement. Mike had a contagious smile that lifted your spirits and placed you at ease. He was always surrounded by many friends who valued his presence, including the night before his passing. His affable spirit and character mirrored his riding performance. He was smooth, controlled, non-reactive, patient, respectful, tolerant, and humble. If the culmination of our laps on earth is monitored, I know Mike is tiered in the fastest group. Peace and blessings.

“ I always looked forward to seeing Mike at the track—he was genuinely one of the good guys. We often ended up in the garage, chatting between sessions. He never failed to ask how my son was doing in school or when he'd be joining us for another track day. Mike's kindness and presence will truly be missed.

Federico, thanks for your kind words. I still take a moment every now and then to read these comments. Michael always enjoyed his time with you. We are all still grieving hard and not accepting his loss. But reading all the thoughtful comments helps to ease the pain a bit. Sending my love to you and your family.

“ Not only was Mike a client but he was also a friend. I enjoyed seeing him at New Jersey Motorsports Park and pitting next to him in the adjacent garage. Sunday evening, as I was unpacking my gear in preparation for Monday's event, Mike was there and as usual, he extended his hand and welcomed me. You will be missed dearly brother and I will always give a nod towards your spot anytime I enter the garage. Peace and love.

“ I remember the day I met Michael, at the race track. When I say he was kind, genuine, easy going and always pleasant to be around, it would be nothing new. He was that way around everyone. I also grew to know he was humble. "I do a little photography" he once said to me, little did I know what that really meant. I asked him about riding in the Expert group at the track and his reply? "Oh, I'll never be able to ride that fast"... he was already that good and moved up shortly after. He was open-minded, would stop by my pit to ask a question and was more concerned about being a bother. He never was. I am a better person for knowing him. I will miss seeing Michael under his canopy, quietly enjoying the day and knowing he was smiling under his helmet when we rode together. I pray that Michaels's friends and family find comfort in the memories of knowing him and may he rest in peace.

“ Michael was my neighbor down the hall for 30 years. Our paths would cross infrequently but when they did we would talk about our shared interests. Whether it was football (I a Pats fan - Michael a Giants fan), politics, motorcycle racing or photography. When I had a photographic technical issue I could always contact Micheal to solve it. I literally saw Michael coming off the elevator last week with his broken Trader Joe's bag that he wasn't too happy about and we laughed. Michael was a kind soul and will be missed. R.I.P. Michael !!!💜

“ Michael was such a great son, always helping the elderly parents, even my mom. She loved him and we can't tell her this. So shocked and sorry to hear this. Can't imagine how his dad is handling this. Sad for the whole Bonacci family, we all grew up together. 😞

“ I'm one of the newer coaches at NJMP, and I would pit next to Michael sometimes. I'm introverted, as was he, so we were perfect neighbors—we'd just wave at each other and smile lol. After a year or so, we finally chat and he's one of the kindest people I knew at the track. Great rider, loved the sport, and was just happy to be there as much as he could. I asked him about his Subaru once, and why he didn't buy a truck to tow the bike. He told me materialistic things don't matter, and he enjoys the simple things that make life meaningful. I own a Subaru now that I tow with. Good knowing you, Mike. Rest easy, I'll miss seeing you, neighbor.
