“ A neighbor just informed me of Reid's passing. We are deeply saddened by this news. I served on the Woodbury Planning Board with Reid for a number of years in the late 1990s . While this was primarily a volunteer position, I was so impressed by how well Reid prepared for the meetings and by his serious and deliberate questions and analysis of each application before our Board. He was so intelligent and always courteous to everyone. I greatly valued him as a member of the Board and as a person and counted him as a friend. He had a great smile and generous personality. He will be missed. Our sincere and deep sympathy to his family and loved ones.

We will always remember Reid's love of gardening and his ability to create things such as the beautiful fish pond in the back yard. And after a hard day of gardening, he would enthusiastically invite friends to share a scrumptious homemade gourmet dinner. We mourn that he became ill so soon after the four of us, and our doggies, met on that frigid, windy November night on the beach at Lewes. Love, JD and Cathy

Patti and Darin,

I was so saddened to hear of Reid's passing. I will always remember his smile and how he was so easy to talk to. He gave me lots of great advice when I first started out in my nursing career. I did not realize he was a Vietnam Veteran. What a proud legacy he has left in his service to our country.

You both are in our thoughts and prayers during this time.

*Love,
Claire Lauzon-Vallone & Paul Vallone*
