“ *I am so sad to miss Richard's celebration of life , we all know how much life he had. Unfortunately Covid has struck and restricting me to my house. I wish I could be there to tell and listen to story after story. They are endless. My deepest condolences to the Brundage family. “ Heaven gained a great soul! Rich was a great College Room mate and like a brother to me. I am saddened by his untimely passing and already missing the daily phone calls we shared. Not many people will stay active in your life over 40 years but Rich wasn't like many people. He could light up the room, he could motivate a person, he could console a person who needed help and oh those shag moves he had to beach music. He had many nicknames throughout his life as people have commented but I am glad that I could call him a best friend! He loved his family and spoke of them often.

“ My condolences to the entire family! "Chard" was an amazing, caring and spirited man! I often think of him and all of our wonderful memories which without a doubt always bring a smile to my face. He will forever be in both Ashley's heart and my heart - forever loved. I will certainly miss our random chats, always with frank playing in the background. May he RIP with Tif and Max ... Hugs and prayers to the entire family!!!!

“Hey Chet”, is how we always started our conversations. We were from A -Z politically but it didn't matter. Our conversations were full of laughter, friendly arguments and memories of great times. I will miss him. He was one of the good ones.

“ *What a most-lovable, larger than life personality Rico was!!! His warmth and gregarious personality enveloped all that had the food fortune to have met him and we were all the better for it! I know- wholeheartedly- that he is in Heaven with a Lilly Pulitzer jacket on, a cocktail in hand and some great music accompanying his expert dancing skills as he delights all that preceded him in his entrance through the pearly gates... oh how much fun he was, how empathetic and caring his actions were and at the end of the day Richard Brundage embodied “showtime”...there is no one else like him and he will never be forgotten... Rest easy Mr.Fabulous and save a dance for me in Heaven...*

“ *Richard taught me how to hit a baseball. To step into my swing! He held the back of the seat while I learned to ride a bike. And he let go while I pedaled on. I loved playing hockey with him at the Quarry. He introduced me to Van Halen and Bad Company and taught me to love (rock) music. He had a goofy sense of humor and kept everybody “giggling” (as he liked to say.) And he came to my wedding party in NJ to celebrate my marriage. I will miss him and I trust he is at peace now. Love, Melissa*
