“ I met Bill at BellCore/Telcordia and became good friends. We had many conversations about politics, hunting/shooting sports and family. He will be missed

“ Met Biil in June 1970, Western Electric, Newark, NJ...both new hires. He asked me if I knew what a spudgy is. I didn't know...Bill did....a tool for cleaning contacts on a relay. Phone equipment then was relay driven. Saw Biil all the time at Gateway II in Newark where we worked. Northeastern Regional Practices org. at WECO. I was invited to leave WECO in 1975 (layoff). went to Bell Labs Piscataway...saw Bill again (later) at CSO/Bellcore/Telcordia...good to see him, good to see friends. Sorry for the loss! Condolences!

“ Bill was a great guy and a loyal friend. I played softball with Bill at Western Electric and then lost contact with him. The last couple of years he started to come to our bocce outings. He blended in , as if he had been there for years. He joined the committee and became one of the most fantastic workers that we have ever had. I will miss Bill dearly. Your teammate Jerry Stragazzi

“ Billy was a friend who unfortunately I lost touch with. Growing up we were either the big guys or little guys, Hawks or Redwings until we just became the guys at Burke's Law. It's tough and sad whenever we lose one of the guys. RIP Bill- Joe Palladino

“ We are so deeply sorry that our dear cousin Billy passed away, it was such a shock and we are so saddened by this, we were looking forward to seeing him at our Uncle Jerry’s lake house where all the cousins get together, he talked about his new home and being retired, we will miss him emensely! Love your cousin Frances and Joe Giantomaso 🙏

“ I worked with Bill; our first job together was in 2001; we successfully completed an expedited (OSMINE) job (at Telcordia). We developed a mutual respect for each other during that job that always remained between us.

I was deeply saddened by Bill's passing; Bill did not get to fully enjoy his retirement ... and his Poconos (dream) residence. So sad. Rest in peace Bill.
